Description

How much life insurance do you need? You can stop wondering. Simply fill in some basic financial information, and this calculator will provide you with a general sense of your life insurance needs.

Keep in mind that everyone's situation is unique, and the amount of life insurance you need depends on a number of variables. So once you've completed the calculation, contact an insurance professional in your community or your benefits manager at work to help you get a complete snapshot of the life insurance coverage you need.

This App was created by the nonprofit LIFE Foundation to help consumers make more informed life insurance decisions. It does not endorse a specific product or company.
